

# Who Claims Responsibility for the safety of Artificial Water Fluoridation Chemicals?

## **NOT the Chemical Manufacturer**

"The NSF International does not evaluate safety of the chemicals added to water for the purpose of the treatment or mitigation of disease in humans, and does not evaluate the product added to water but only the impurities within the product."

## **NOT Health Canada**

Although all drugs and health products must be regulated under the Food and Drugs Act, Health Canada has not yet regulated these fluoride products.

"Although these products and materials are **not currently regulated at the national level**, Health Canada recognizes the importance that they be "effective and safe" <http://www.hc-sc.gc.ca/ewh-semt/water-eau/drink-potab/mater/index-eng.php>

## **NOT the Ontario Ministry of the Environment**

"MOE has **no jurisdiction over the manufacture or sale of drinking water treatment chemicals**." Mirek Tybinkowski, M.Eng., P.Eng, Water & Wastewater Specialist, Safe Drinking Water Branch, letter dated June 11, 2007

## **NOT Dental Trade Organizations**

"Dissemination of information relating to the practice of dentistry **does not create a duty of care to protect the public from potential injury**." ADA court testimony: Superior Court of the State of California Case No. 718228, Demurrer (October 22, 1992 )

"... **We deny that we have any liability** (in relation to water fluoridation) as alleged and note that the fluoridation of public water drinking supplies is a **matter for the local council**." Australian Dental Association's CEO, Robert Boyd-Boland

## **NOT the Public Health Service**

"We conclude that the cited regulations **do not individually or collectively impose an implied mandatory duty on the County** to direct Pinch to **notify consumers when water contamination occurs**." *Guzman vs. Monterey County* <http://www.courtinfo.ca.gov/opinions/documents/S157793.PDF>
