

Using Drinking Water to deliver drugs **DEPRIVES US** of **INFORMED CHOICE**

Informed Choice requires:

1. Information regarding risks and benefits.
2. Choice to refuse or accept drug.
3. Trained professional to assess medical need & adverse effects.

“Through the Natural Health Products Directorate, Health Canada assures that all Canadians have ready access to natural health products that are safe, effective and of high quality, while respecting freedom of choice and philosophical and cultural diversity.”
