

# Ignoring Canadian Laws Puts Canadian Consumers **AT RISK**

## **According to the Supreme Court of Canada and the Law...**

(Supreme Court of Canada 1957, Natural Health Product Regulations 2003,  
Food and Drug Act 1986)

**Fluorides used for the prevention or treatment of  
disease are drugs and/or health products which**

- **MUST BE REGULATED** to determine whether the claims of safety and efficacy are valid.
- **MUST BE REGULATED** to be legal for sale in Canada.

Fluoridation products

**ARE NOT REGULATED**
