

EXTREMELY WASTEFUL

For every **\$100** spent by taxpayers...

\$99 is wasted ...

<1% of artificial fluoridation chemicals are ingested.

> 99% of artificial fluoridation chemicals go

**down the toilet
washing machines
dishwashers
lawn watering
showers
baths
car washes
gardens
golf courses
agriculture
into the environment...**

American Water Works Association www.awwa.org

"We drink very little of our drinking water. Generally speaking, less than 1% of the treated water produced by water utilities is actually consumed. The rest goes on lawns, in washing machines, and down toilets and drains."
