

# Professional Perspectives on Water Fluoridation

Featuring a Nobel Laureate in Medicine, three scientists from the National Research Council's landmark review on fluoride, as well as dentists, medical doctors, and leading researchers in the field, this professionally-produced 28-minute DVD presents a powerful indictment of the fluoridation program.

The DVD also includes four special features including Dr. Bill Osmunson's acclaimed statement on fluoride. To order the DVD [click here](#).

**28-minute DVD Professional Perspectives on Fluoridation features the following 15 experts:**

**Lord Baldwin** sits as an Independent Peer in the House of Lords, where he has contributed to debates on the environment and health for over 20 years. His Parliamentary Questions on fluoridation led to the UK Government setting up the 'York' systematic scientific review of the evidence in 2000, on whose advisory panel he served. He is Co-Chair of the All-Party Parliamentary Group Against Fluoridation - <http://www.appgaf.org.uk/>

**Arvid Carlsson, PhD**, a neuro-pharmacologist. Dr. Carlsson led the successful fight against fluoridation in Sweden in the 1970's. He won the Nobel prize for medicine/physiology in 2000.

**Bob Carton, PhD**, a risk assessment expert at the EPA (now retired). Dr. Carton was formerly the President of the union which represents professionals working at the US EPA headquarters in Washington DC. See Dr. Carton's important review of the National Research Council report (NRC, 2006) at Carton, RJ (2006) Fluoride: [Review of the 2006 National Research Council Report: Fluoride in Drinking Water](http://www.fluorideresearch.org/393/files/FJ2006_v39_n3_p163-172.pdf). Fluoride, 39(3) 163-172. [http://www.fluorideresearch.org/393/files/FJ2006\\_v39\\_n3\\_p163-172.pdf](http://www.fluorideresearch.org/393/files/FJ2006_v39_n3_p163-172.pdf)

**Sir Iain Chalmers, PhD**, edits [The James Lind Library](#), a web-based resource containing explanatory material in seven languages about the principles and evolution of fair tests of medical treatments. He was director of the UK Cochrane Centre between 1992 and 2002, and director of the National Perinatal Epidemiology Unit between 1978 and 1992.

**Paul Connett, PhD**, an environmental chemist. Formerly, Professor of Chemistry at St. Lawrence University in Canton, NY. Currently the Executive Director, Fluoride Action Network, <http://fluoridealert.org/>

**Brent Foster, JD**, formerly Conservation Chair of the Oregon chapter of the Sierra Club.

**Walter Graham** helped in the very successful campaign to resist the imposition of water fluoridation on Northern Ireland.

**Bill Hirzy, PhD**, a chemist, formerly with the US EPA. Dr. Hirzy is a former Vice-President of the union which represents professionals working at the US EPA headquarters in Washington, DC.

**C. Vyvyan Howard, MB, ChB, PhD, FRCPath**, a fetal and infant toxico-pathologist. Professor Howard is director of the Bioimaging Research Group, Centre for Molecular Bioscience, University of Ulster, Coleraine, Northern Ireland; and President of the International Society of Doctors for the Environment (ISDE).

**Bob Isaacson, PhD**, a neuroscientist. Dr. Isaacson was a member of the National Research Council review panel, Fluoride in Drinking Water: A Review of EPA's Drinking Water Standards (NRC, 2006) and also co-author of a very important animal study: Varner JA, et al. 1998. Chronic administration of aluminum-fluoride and sodium-fluoride to rats in drinking water: alterations in neuronal and cerebrovascular integrity. Brain Research. 784: 284-298.

**Tim Kropp, PhD**, a toxicologist formerly with the Environmental Working Group in Washington, DC.

**Hardy Limeback, DDS, PhD**, currently chair of Preventive Dentistry, University of Toronto. Past President of the Canadian Association for Dental Research and member of the National Research Council review panel, Fluoride in Drinking Water: A Review of EPA's Drinking Water Standards (NRC, 2006).

**Phyllis Mullenix, PhD**, a pharmacologist and toxicologist. Former chairperson of the toxicology department of Forsyth Dental Institute, Boston. Lead author of the seminal paper on fluoride's impact on animal brain: Mullenix P, et al. 1995. Neurotoxicity of Sodium Fluoride in Rats. Neurotoxicology and Teratology. 17: 169-177.

**Bill Osmunson, DDS, MPH**, a dentist who practices in both Oregon and Washington state.

**Kathleen Thiessen, PhD**, a health risk specialist working with the consulting firm Senes Oak Ridge Inc., Center for Risk Analysis, Tennessee. Dr. Thiessen was a member of the National Research Council review panel, Fluoride in Drinking Water: A Review of EPA's Drinking Water Standards (NRC, 2006).
